MIND MAPPING

PURPOSE

This method can be used by students to explore a topic by breaking it down into component parts (Sections).

Through the use of key words, colour and pictures greater understanding can be developed and faster recall of information achieved.

QUICK TIP

Don't rush the process of constructing a Mind Map. Add colour to each branch, carefully select the key words and take time to draw or doodle a representative picture. Complete it on a large A3 page (Twice the size of a page you would find in a file block). Put it up on your bedroom wall and look at it daily to support memory and faster recall.
