POWER NOTES

Starting Point

Choose your topic and in the **Power 1** row, make a note of the key idea(s), message(s) or concept(s).

Top Tip: Supporting evidence may include: quotations, dates, examples or further details.

Power 1	Power 1	Power 1
Power 2	Power 2	Power 2
Power 3	Power 3	Power 3
Power 4	Power 4	Power 4

In the **Power 2** row, jot down supporting evidence/information for row 1.

In the **Power 3** row, jot down supporting evidence/information for row 2.

In the **Power 4** row, jot down supporting evidence/information for row 3.

PURPOSE

This method can be used by students to outline the main ideas, messages and concepts for their different topics. It allows them to make links, be selective and prioritise the key information.

QUICK TIP

Students can have as many numbered 'powers' as the topic requires, even of the same 'power' number. This helps make the links within the information.
